### **Reasons for Allowance**

1. The following is an examiner's statement of reasons for allowance: Claims 1-22 are allowable over the arts of record. This is because the arts of record do not disclose the invention as recited in claims 1, 7, 12, 16 and 20, and including: a plurality of counters, wherein each counter corresponds to an area of the memory array,

wherein each counter monitors the fail data produced by the memory tester to determine which memory cells are defective and generates a count of a number of defective memory cells residing within its corresponding area, whereby counts produced by the counters characterize the test results, and

wherein a first counter of the plurality of counters corresponds to a first area of the memory array that is larger than, and wholly encompasses, a second area of the memory array to which a second counter corresponds .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
